## T&K Wins Big50 Award

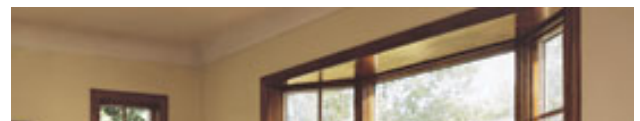

We are proud to announce that T&K Contractors has been honored with Remodeling Magazine's 2009 Big50 Award for business excellence. This lifetime award makes T&K part of an exclusive group of remodeling companies who earn this distinction by helping define and set industry standards for professionalism, leadership and exemplary business practices. Says T&K president and founder Anthony Cammalleri, "We are particularly pleased to receive this award which recognizes how hard we work to bring the highest level of excellence and integrity to every job we do."

## Gain Light & Space with a Bump-Out

If you like the basic overall structure of your home, but find it feels smaller and darker than you would like, consider a bump-out:

**Bay Windows:** A bay window is a relatively easy addition to any home. Whether you'd like

a more welcoming eating area in the kitchen or want to expand the feel of your living room, a new bay window will let in more natural light and instantly transform your space.

**Window Seats:** If you enjoy curling up with a good book or the newspaper on a cold or rainy day, then you'd probably appreciate having a cozy window seat. A window seat with a lift-up bench can also serve as a great hidden storage area.

**Kitchen Bump-outs:** If meal time feels like a tight fit, a bump-out will give you the extra space you need for a larger table or eating area. This could also give you the room for extra cabinets or much-needed counter space.

**Bathroom Bump-outs:** If you are still taking baths in a cramped, old-style tub, maybe it's time to consider bumping out your bathroom to fit in a new whirlpool tub, large shower or double sink. Add windows at the same time to bring in more natural light.

**Bump-out Storage:** Bump-outs can be an easy way to add much needed storage areas throughout your home. Add an extra closet in a bedroom, add shelving in your library or play room, add a cubby area or sorting area in your laundry room, or put in a kitchen pantry.

Remember, a bump-out still needs to look like a natural extension of your home. And since T&K uses the Design/Build process, we are experts at handling

everything from initial design through construction. This means your new space is guaranteed to look like it's always been a beautiful part of your home. So if you're ready to make your home feel brighter, lighter, and more spacious, call T&K at 732-625-9885 to find out how we can increase your enjoyment of your home.
