# Ten Days to a Beautiful, New, Affordable Bathroom – **ExpressBath** from T&K

How many years have you been patiently living with a bathroom that not only feels outdated, it's even getting to be somewhat of an embarrassment? Have you been putting off doing anything about it because you can't bear the thought of having workers in your home for weeks and weeks and not being able to use it? Have you written it off as something that would just be too expensive? If so, T&K contractors now has an easy, fast and affordable answer you are going to love.

T&K's new service, **ExpressBath**, will give you a bathroom you'll enjoy waking up to in only ten days from the first day of construction. This is 66% faster than a typical bathroom remodel which can take as long as a month.

Just think, ten days to beautiful counters and cabinets and a shower that's a pleasure to use. And this is not one of the faux types of bathroom remodels where molded covers are installed over your old tub and tile. This is a **real** remodel, where we gut your existing bathroom, remove old fixtures and cabinetry, install new electric and plumbing, frame, insulate and tile. And what's more, you get to select the level of fixtures and finishes that's perfect for your budget.

It all starts with a consultation with our experienced **ExpressBath** designer who will find out your likes and dislikes about your current bath, ask you about your goals and expectations, and understand your financial comfort zone. The designer will even discuss your finish options, take measurements and give you an actual project price that same day!

No matter which **ExpressBath** level you select, you'll get the beautiful bathroom you've been wishing for quickly

and at a comfortable price. And all from the contractor who has a three-decade reputation for excellence and delivering exactly what we promise.

So give yourself the new bathroom you've been waiting for. Call us at (800)TEN-BATH ((800)836-2284) or go to the *ExpressBath* [website](#) to find out more. You'll wake up with a smile on your face in ten days from start to finish, guaranteed.

See you next month!
